Ashley Norton

ENGLISH CRAFTED SOLID BRONZE COLLECTION

Since 1987, Ashley Norton has developed architectural hardware for discerning homeowners.

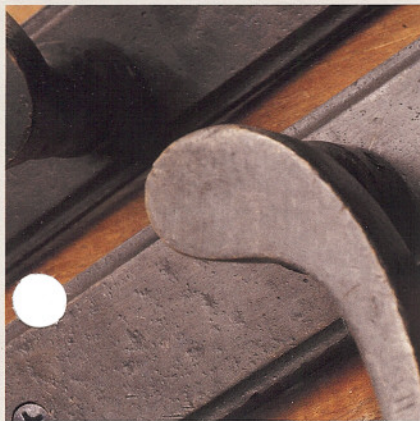

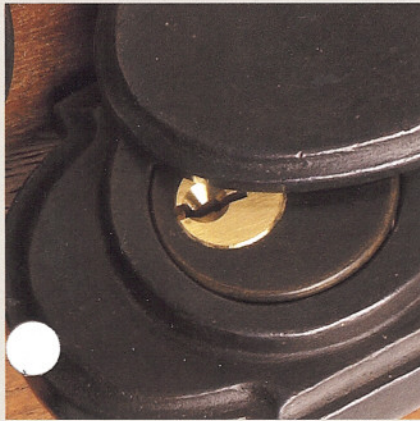

Our 'English Crafted Solid Bronze Collection' features a wide selection of levers which may be combined with a number of escutcheons. A wide range of accessories is available to match our functional hardware.

Recent additions to our line include a selection of exclusive contemporary levers, allowing the homeowner to create an eclectic mix of new-era design with the age old grace of bronze.

Custom Service

Ashley Norton is delighted to assist its clients on a personal level by producing custom hardware beyond that shown in this brochure. From simple requests such as custom sizes, to unique designs based on your specifications, we welcome the opportunity to discuss your personal requirements.

As living finishes, our bronze patinas are designed to mature over time. Once installed, the effects of age, climate and touch will work in conjunction to create unique, contrasted color variations. The most frequently touched areas will highlight as the patina wears off and natural coppery shades of bronze are exposed.

Dark Bronze Patina (BZ)

Our most popular patina, Dark Bronze is featured throughout this brochure. This patina allows for the greatest uniformity in shade at the time of delivery. We aim to stock the most popular items in our line in the Dark Bronze patina.

Light Bronze Patina (LT)

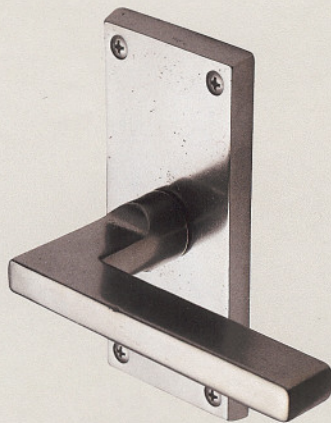

Products in our light bronze patina are hand finished in small batches. Each batch will be similar in hue, however different batches may have slight variation in tone. Such differences are caused not only by the small variation in time for which the item is oxidised, but also environmental factors such as humidity and temperature.

Ordering: Replace the 'BZ' prefix on any product with 'LT'.

Pricing: A 10% surcharge will apply over the equivalent BZ patina product.

Note: All Light Bronze orders are custom manufactured and as such are non-returnable and non-cancellable.

See page 58 for more photos of Light Bronze products.

White Bronze (WL)

Our white bronze patina creates a warm, contemporary ambience. The color lends itself to modern décor, yet retains the age-old feel and rich look of bronze. The white bronze patina is a living finish which will evolve with its environment over time, blending into its surroundings.

Ordering: Replace the 'BZ' prefix on any product with 'WL'.

Pricing: A 10% surcharge will apply over the equivalent BZ patina product.

Note: All White Bronze orders are custom manufactured and as such are non-returnable and non-cancellable.

See page 59 for more photos of White Bronze products.

Matt Black Coated (TC)

Our Matt Black Coated finish offers a look emanating from Tudor architecture around Stratford-upon-Avon in England. This unique finish is created by applying a black powder coat to the bronze base metal.

Note that this finish is susceptible to chipping as a result of knocks or scratches from objects such as keys or rings. The finish may be restored in the age-old way - by applying a fresh coat of black paint to the affected area.

Ordering: Replace the 'BZ' prefix on any product with 'TC'.

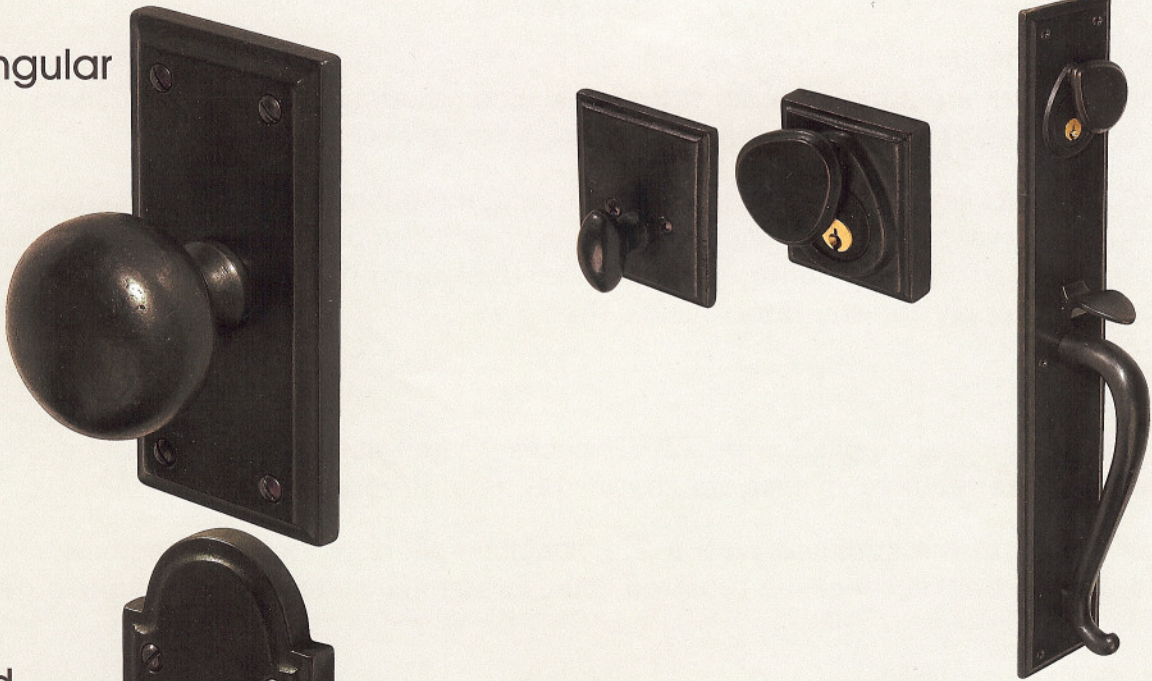

Pricing: A 10% surcharge will apply over the equivalent BZ patina product.

Note: All Matt Black orders are custom manufactured and as such are non-returnable and non-cancellable.

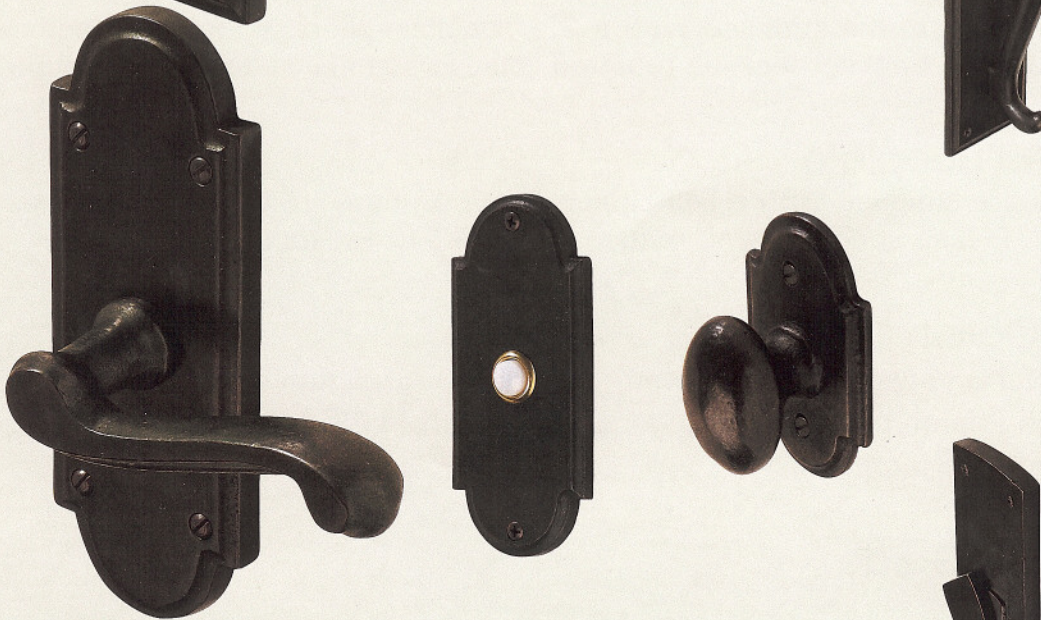

See page 60 for more photos of Matt Black products.

Our levers and knobs are available on three distinct suites of escutcheons to suit a number of architectural styles. Entry hardware and complementary accessories such as bath fittings and cabinetry are available to continue the theme throughout the home.

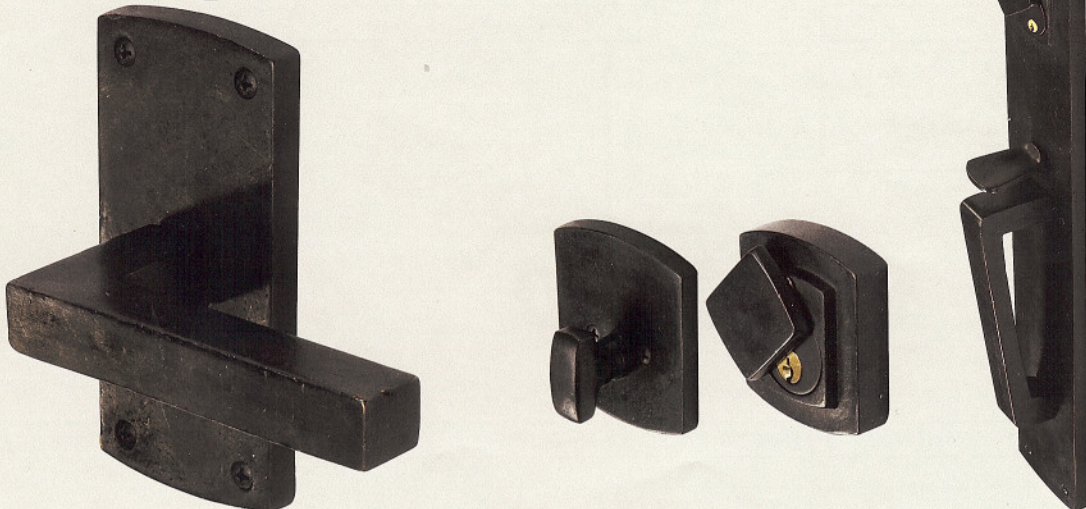

Rectangular

Arched

Curved

Using this Catalogue *Ashley Norton*

Pricing

Prices shown in this catalogue are for our Dark Bronze (BZ) patina. A 10% surcharge applies for our Light Bronze, Matt Black or White Bronze patinas. See previous page for details.

Door Thickness

Interior products are supplied with fittings to accommodate 1³/₈" and 1³/₄" door thickness. Please specify if you require fittings for thicker door.

Exterior products are supplied with fittings to accommodate 1³/₄" door thickness. For tubular entrysets we can accommodate up to 2¹/₂" door thickness. For mortise entrysets we can accommodate up to 3" door thickness, however, a **\$100 list surcharge will apply for any door thicker than 2¹/₂"**

Backset

Tubular products are supplied with a 2³/₈" backset latch as standard. Should a 2³/₄" backset latch be required, please specify at the time of your order.

Mortise products are supplied with a 2¹/₂" backset mortise lock as standard. Should a 2³/₄" backset lock be required, please specify at the time of your order.

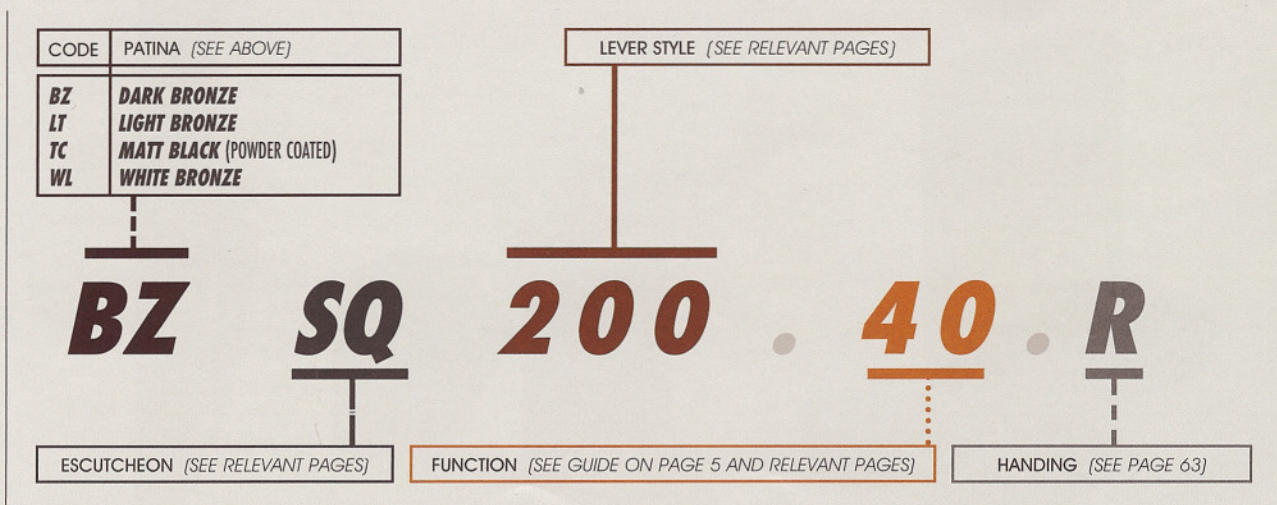

Strike & Faceplate

Products are supplied with a Full Lipped Strike and square edge faceplate as standard. Please specify if you require a T-Strike or radius edge faceplate.

Latch Option

Ashley Norton supplies its hardware with a 52° retraction latch as standard. If a 28° latch is preferred, postfix product code with '-L28'. A \$15 list up-charge will be applied (per latchset)

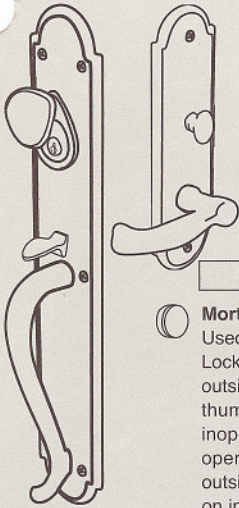

Ordering Guide

Guide to Functions

Ashley Norton

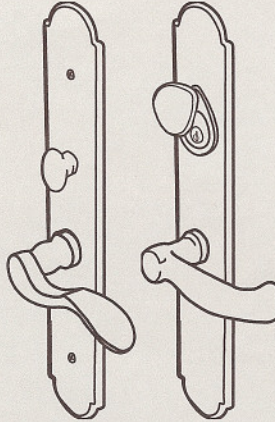

Refer to exterior hardware pages for guide to multi-point hardware and mortise entry functions.

FUNCTION .10

Mortise Entry

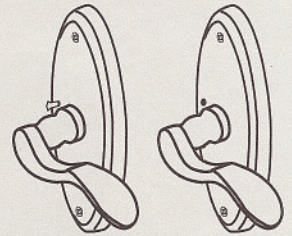

Used with mortise lock. Locking/unlocking by key from outside, locking/unlocking by thumbturn from inside, inoperable grip handle and operable thumb latch on outside with operable handle on inside.

FUNCTION .12

Mortise Entry

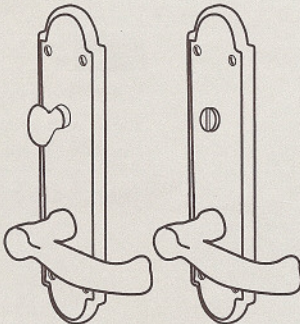

Used with mortise lock. Locking/unlocking by key from outside, locking/unlocking by thumbturn from inside, operable handles both sides of door.

FUNCTION .20

Privacy Set

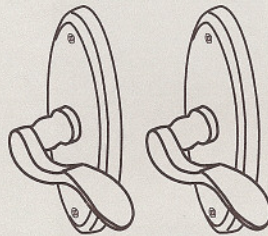

Used with privacy latch. Locking by pushing pin on inside, depressing inside lever releases pin and opens door, emergency release by inserting pointed object in hole on outside.

FUNCTION .25

Privacy Set

Used with spring latch and bathroom bolt. Locking/unlocking by thumbturn from inside, emergency release by turning slotted head from outside, handles are operable both sides of door.

FUNCTION .30

Passage Set

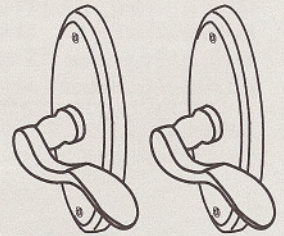

Handles operable both sides of door.

FUNCTION .40

Single Dummy

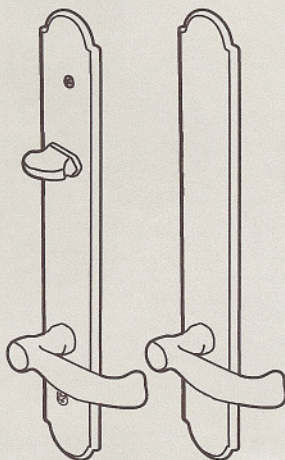

Inoperable handle on one side of door.

FUNCTION .42

Full Dummy

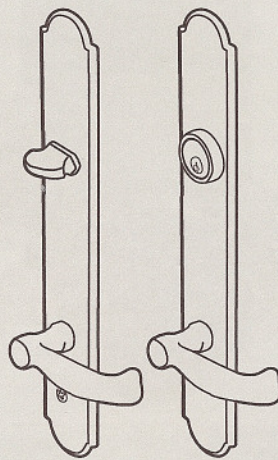

Inoperable handles both sides of door.

FUNCTION .43

Patio Set

Locking/unlocking by thumbturn from inside. Handles operable both sides of door.

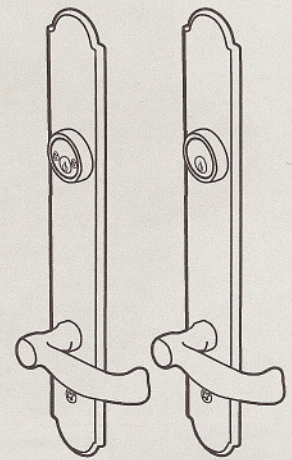

FUNCTION .50

Tubular Entry (illustrated left)

Used with deadbolt and spring latch. Locking/unlocking by key from outside, locking/unlocking by thumbturn from inside, operable handles both sides of door.

Tubular Gripset

Used with deadbolt and spring latch. Locking/unlocking by key from outside, locking/unlocking by thumbturn from inside, inoperable grip handle and operable thumb latch outside with operable handle inside.

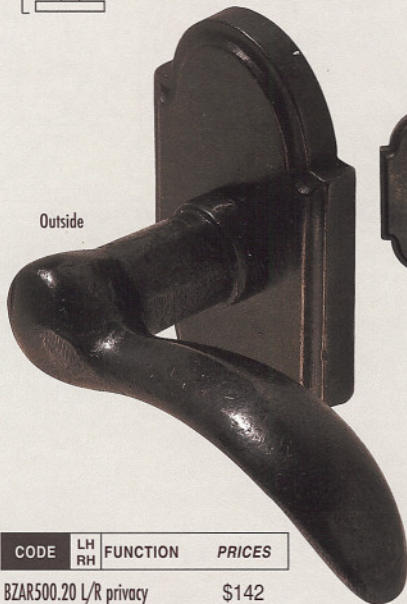

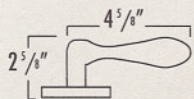

FUNCTION .52

Tubular Double Entry

Used with deadbolt and spring latch. Locking/unlocking by key from inside and outside, operable handles both sides.

A larger version of our Churchill lever is shown on page 19

Products in our light bronze patina are hand finished in small batches. Each batch will be similar in hue, however, different batches may have slight variance in tone. Such differences are caused not only by the small variance in time for which the item is oxidized, but also environmental factors such as humidity and temperature.

Our light bronze patina will mature over time due to the effects of age, climate and touch. The most frequently touched areas will highlight as the patina wears off, revealing a coppery base metal. With our light bronze patina, the contrast between the original patina and the copper undertone will be relatively subtle when compared with our dark bronze patina.

Note: All items ordered in light bronze are manufactured to your order, and as such are not returnable. Variations in tone are not considered to be a defect in the product

White Bronze Patina *Ashley Norton*

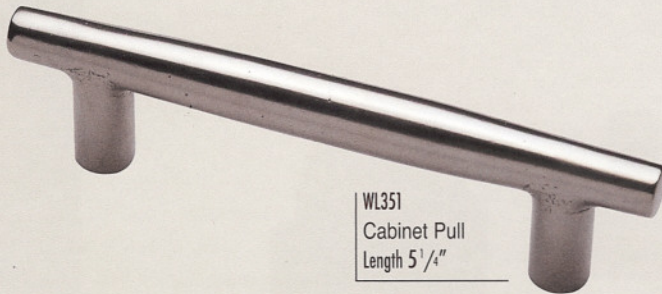

Our white bronze patina creates a warm, contemporary ambience. The color lends itself to modern décor, yet retains the age-old feel and rich look of bronze. The white bronze patina is a living finish and will evolve with its environment over time, blending into its surroundings.

Note: All items ordered in white bronze are manufactured to your order, and as such are not returnable.

See our separate brochure for further details of our new Modern Suite.

Our matt black powder coat finish creates a look emanating from Tudor architecture around Stratford upon Avon, England. This unique finish is created by applying a black powder coat to a bronze base metal.

Note that this finish is susceptible to chipping as a result of knocks or scratches from objects such as keys or rings. In the event of chipping, the finish may be restored in the age-old way: by applying a fresh coat of black paint to the affected area.

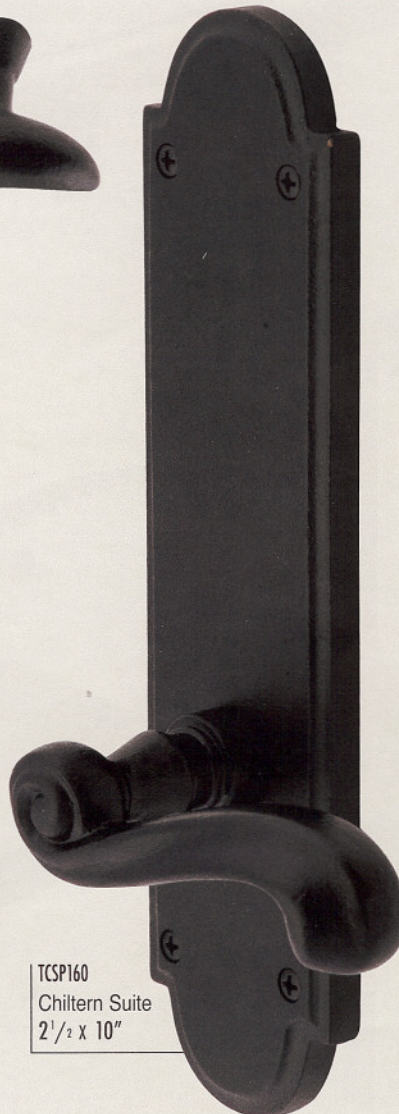

Note: All items ordered in Matt Black are manufactured to your order, and as such are not returnable.

THE SOLID BRASS COLLECTION

Terms

Net 30 (subject to credit check and account approval). A monthly finance charge, computed at a periodic rate of 18% will be added to all past due accounts. The amount of credit we extend to a customer is subject to change or limitation at any time, either before or after delivery of any part thereof, of an order. Payment in advance may be required as a precedent to delivery. If a customer's account is in arrears, we shall have the right, in addition to all other legal remedies and without prejudice to any other of our rights, to defer further shipments until payment is received. We reserve the right to ship on a C.O.D. basis when considered necessary. All goods supplied remain the property of the Ashley Norton Inc. until paid in full.

Prices

All prices are subject to change without prior notice. All orders accepted will be priced according to the prevailing price at time of shipment. Price protection for up to 60 days may be obtained by submitting a request in writing. Projects requiring delivery in excess of a 60 day period will be charged at prices in effect at time of shipment unless otherwise agreed in writing by Ashley Norton Inc. Orders delayed due to 'on hold' account status will be charged at the price effective on date of shipment.

Freight

Freight paid via ground transportation on orders of above \$1,000 net minimum to any point in the continental USA (excluding Alaska and Hawaii). Smaller orders, and all specially quoted contract orders are shipped FOB, Pompton Plains, NJ. Ashley Norton will select fastest and best routes available. Consignee assumes risk of loss or damage after shipments have been delivered to carrier. Claims must be filed with the transportation company. Orders shipped from the UK will be shipped via 4-6 working day service. Requests for Express Service (transit time 2-3 working days), will incur a surcharge of \$75 net per carton (15x15x12", reasonably packed up to a maximum of 50lbs).

Claims

Any claims for shortages must be made in writing within 14 days from date of invoice. Any claims for defective merchandise or billing errors must be made in writing within 30 days from date of invoice.

Minimum Order

Minimum order value of \$75 Net. A handling charge of \$15 Net will apply to orders below \$75 Net.

Specifications

Sizes and designs may be changed without notification. Ashley Norton Inc reserves the right to discontinue products without prior notice.

Order Cancellations & Changes

Ashley Norton Inc will attempt to comply with faxed order changes or cancellations, however, we cannot guarantee that they can be accomplished before shipment. Handling charges will apply if goods had been manufactured prior to processing a change or cancellation request. Orders for non-stock or special items cannot be cancelled or changed without consent from Ashley Norton Inc. Where items have not been manufactured, we will endeavor to action a cancellation or change request. However, where items have been manufactured any cancellation or change is subject to approval by Ashley Norton Inc. and will result in a handling charge of up to the full order value.

Warranty

Mechanical Warranty

Ashley Norton Inc. extends a 10 year mechanical warranty to the original residential purchaser, providing the product has been installed in accordance with our installation instructions. The warranty does not cover damage due to mis-use, accident, abuse, tampering, extreme temperature conditions or products used in commercial applications.

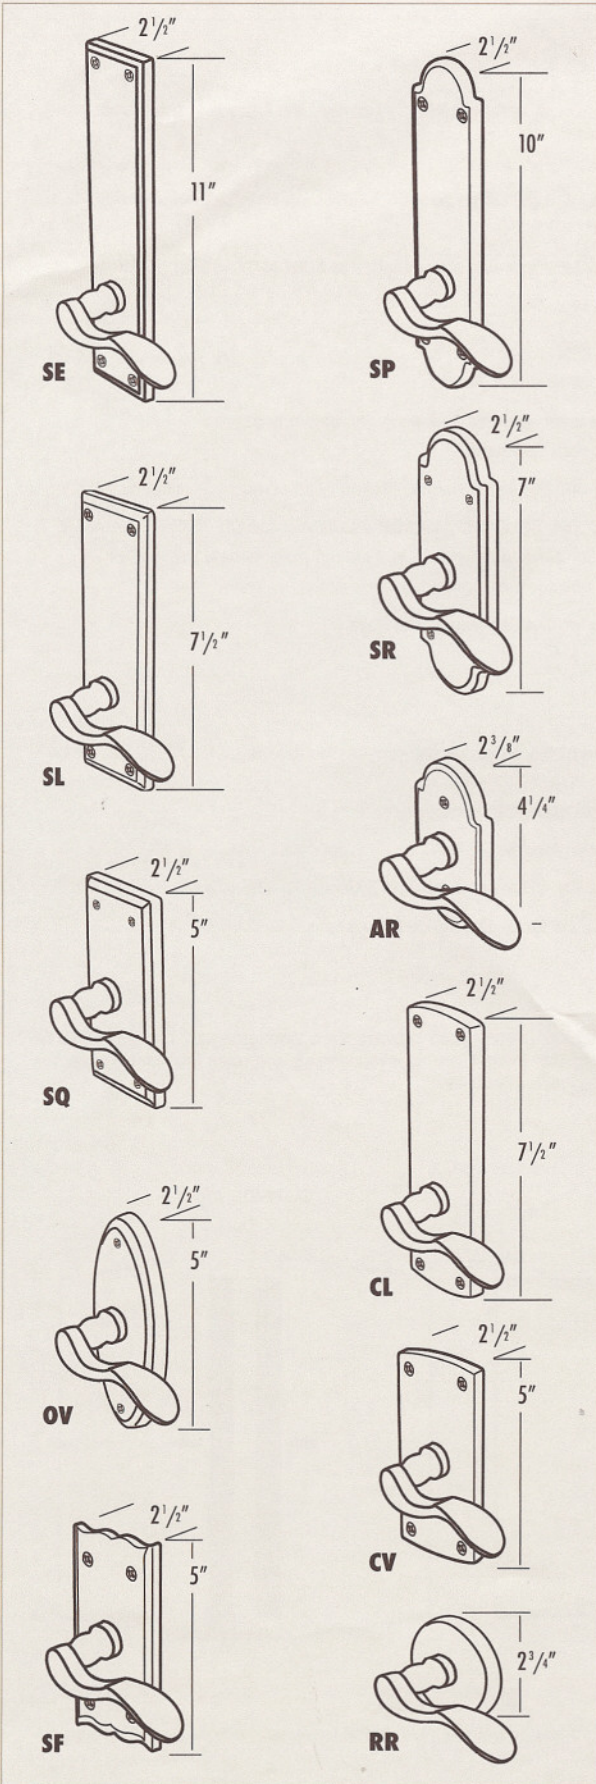

Finish Warranty

Our bronze patinas are 'living finishes' and may lighten or highlight in places due to frequency of use. Ashley Norton Inc., does not consider this to be a defect.

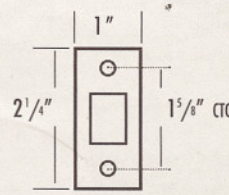

Our Matt Black finish is susceptible to chipping. Such chipping is a feature of the finish and in no way should be considered a defect. The finish may be easily restored by the application of a spot of black paint to the chipped area.

Thus Ashley Norton Inc., cannot guarantee our Bronze and Matt Black finishes and will not repair or replace finishes under this warranty.

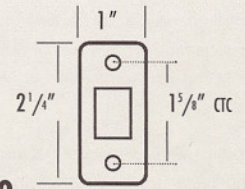

In no event shall Ashley Norton be liable for any incidental or consequential damages arising from the sale or use of our products. We assume no liability for any labor charges regarding the removal or reinstallation of the products; nor will we cover any freight, postage, or handling expense related to the product. The only obligation upon Ashley Norton Inc will be to repair or replace the defective product or parts upon presentation, together with proof of purchase dated within the warranty period.
