210 WEST PARKWAY SUITE 1, POMPTON PLAINS, NJ 07444

INTRODUCING: WHITE BRONZE PATINA FINISH

All products in our Solid Bronze collection are now available in White Bronze.

Our white bronze patina creates a warm, contemporary ambience. The color lends itself to modern decor, yet retains the age-old feel and rich look of bronze. The white bronze patina is a living finish which will evolve with its environment over time, blending into its surroundings. Here we present some combinations of products in white bronze, but the possibilities are endless.

Cabinet Pull
(WL331)

Square Cabinet Knob
(WL390)

Modern Grip Entryset
Available in mortise
and tubular functions

ORDERING GUIDELINES: *(using your existing complete bronze catalog)*

- Replace the 'BZ' prefix on any of our products with 'WL'
- A 10% up-charge is applied for products in White Bronze
- 4 – 5 week lead time
- All white bronze products are custom manufactured and as such are non-returnable
